**** All schedules and lane availability are subject to change. Some groups will not be listed on the schedule. Pool Parties may not occur every weekend. Watch for announcements regarding upcoming events and changes.

LAP POOL RULES: In order to accommodate all members and patrons, as well as maximize the pool to the best of its ability, please abide by the following rules. Full LAP POOL RULE are posted in the LAP POOL for your convenience those who fail to follow these rules will be asked to leave the pool:

LAP SWIMMING:

- When possible, enter and exit from the lane in which you are swimming.
- Everyone MUST share their lane if the need arises.

Lane Sharing Etiquette

- 2 people in a lane: Each person take a side of the center line and swim on that side up and back.
- 3 or more people in a lane: Circle swim- each person swims to the right of the center line up and back, effectively making a circle in the lane as they swim.

AQUA AEROBICS:

- Aqua Aerobics are guaranteed 2 lanes, Lanes #1 and #2, for all class designated times and days.
- Due to popularity and timing of some of the classes, the number of class attendees may warrant the need for a use of a 3rd lane. If warranted, a 3rd lane (Lane #3), will be made available for the class. Factors in deciding include: Class size over 30 attendees, over 8 lap swimmers-If class size is under 30, other classes or activity occurring at the time.
- Only a BRY staff person can move or remove people from lanes for Aqua Aerobic classes or Lap Swimming.

*White time blocks indicate open swim time. Grey time blocks are scheduled programs, and the pool is closed for open swim during that time.

AQUA CLASS DESCRIPTIONS:

Arthritis Aquatic: is a structured water exercise program that focuses on: joint range of motion, stretching and flexibility, breathing techniques, and light aerobic activities. These gentle exercises are conducted in the warm-water pool, providing a safe and comfortable environment that reduces joint stress while promoting physical activity. (No Music)

Aqua Aerobics: 60 minute choreographed aquatic class with cardio and muscle conditioning. Class uses aqua dumbbells, noodles, and resistance bands and ends with static stretching of specific muscles. Upbeat music and easy to follow routines! Aquatics reduces pain and inflammation in joints and muscles, promotes strength and muscle endurance, and low impact exercise that is gentle on joints.

Aqua Flex: This water aerobics class is a fun, energetic, and supportive workout that combines cardio exercise, balance training, strength building with weights, and a relaxing cool down. This class provides a low-impact exercise in the water that's easy on the joints, making it perfect for people with leg challenges and mobility issues. What makes this class extra special is the spirit of determination and community. Everyone participates at their own level, no matter their ability or disability. It's more than just a class, it's a refreshing way to stay active, strong, and connected while having fun!

Joints in Motion: low-impact fitness class that provides a supportive environment for your body, reducing strain on muscles and joints. The buoyancy of water allows for greater range of motion and less impact, making it suitable for all ages and fitness levels. (No Music)
